This quantity is recorded as water withdrawn from third party source i.e. local municipalities.

Further the water discharged is considered as aggregate of 80% of the water withdrawn for domestic consumption from source based on Central Pollution Control Board (CPCB) database report dated December 24, 2009 and 20 litres per day per head for flushing. Therefore, water consumption is reported as "Water Withdrawal – Water Discharge = Water Consumption".

*The data relating to Water Consumption and discharge has been reinstated in accordance with Industry standard note issued by SEBI.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)

Yes, independent assurance has been carried out by SGS India Private Limited. The reporting boundary is limited to 11 back office and 33 front office facilities.

4. Provide the following details related to water discharged:

Parameter	Please specify unit	FY 2025-26*	FY 2024-25*
Water discharge by destination and level of treatment (in kilolitres)			
(i) To Surface water	kilolitres	0	0

#The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2025 and 2026 by International Monetary Fund for India

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N). If yes, name of the external agency

Yes, independent assurance has been carried out by SGS India Private Limited. The reporting boundary is limited to 11 back office and 33 front office facilities.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce the usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The company has appropriate processes and mechanisms in place to sustainably dispose the wastes generated. Concerning the nature of business, there are no processes involving the production of hazardous or toxic chemicals. E-wastes, which form the major share of the waste generated, are given to authorised recyclers for extending the lifecycle and disposing the wastes responsibly causing no harm to the surrounding environment. Reduction in paper printing and consumption: We have implemented strong measures for digitizing processes to reduce the need for paper. Further minimizing the usage of paper across offices is an ongoing activity. Customer accounts have now transitioned to digital platforms. Paper based Office stationeries also have now been stopped apart from the mandatory ones.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals/clearances are required, please specify details in the following format:

INDEPENDENT LIMITED ASSURANCE STATEMENT

Independent Assurance Statement to Computer Age Management Services Limited (CAMS) on its BRSR Core Indicators for FY 2025-26

The Board of Directors,

Computer Age Management Services Limited (CAMS),
New No. 10, Old No. 178, M.G.R. Salai,
Nungambakkam, Chennai - 600034.

Nature of the Assurance

SGS India Private Limited (hereinafter referred to as 'SGS India') was engaged by Computer Age Management Services Limited (CAMS) (the 'Company') to conduct an independent assurance of the Company's Business Responsibility and Sustainability Reporting (BRSR) (the 'Core Report') for the reporting period of April 1, 2025, to March 31, 2026. SGS India has conducted a Limited level of Assurance for the BRSR core indicators. This assurance engagement was conducted in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised) and ISAE 3410.

Reporting Framework

The Report has been prepared in accordance with the following:

1. Master Circular for compliance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 by listed entities (Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026), dated 30 January 2026 circular.
2. Greenhouse Gas Protocol Standard.
3. ISO 14064-1:2018 Standard.

Intended Users of this Assurance Statement

This Assurance Statement is provided with the intention of informing all internal and external Stakeholders of Computer Age Management Services Limited (CAMS).

Responsibilities

The information in the report and its presentation is the responsibility of the management of the Company. SGS India has not been involved in the preparation of any of the material included in the report.

Our responsibility is to express an opinion on the text, data, and statements within the defined scope of assurance, aiming to inform the management of the Company, and in alignment with the agreed terms of reference. We do not accept or assume any responsibility beyond this specific scope. The Statement shall not be used for interpreting the overall performance of the Company, except for the aspects explicitly mentioned within the scope.

Assurance Standard

SGS has conducted a Limited level of Assurance for BRSR core parameters under 9 ESG Attributes, including all essential indicators as specified under BRSR standards and amendments made as on date. This engagement was performed in accordance with the International Standard on Assurance Engagement (ISAE) 3000 (Revised) and ISAE 3410 (Assurance Engagements other than Audits or Reviews of Historical Financial Information).

Our evidence-gathering procedures were designed to obtain a 'Limited level of Assurance, which is a Moderate level of assurance in accordance with ISAE 3000 (Revised) standard, but is not absolute certainty. It involves obtaining sufficient appropriate evidence to support the conclusion that the information presented in the report is fairly stated and is free from material misstatements.

Statement of Independence and Competence

The SGS Group of companies is the world leader in inspection, testing, and assurance, operating in more than 140 countries and providing services including management systems and service certification; quality, environmental, social, and ethical auditing and training; and environmental, social, and sustainability report assurance. SGS India affirms our independence from Computer Age Management Services Limited (CAMS), being free from bias and conflicts of interest with the organization, its subsidiaries, and stakeholders.

The assurance team was assembled based on their knowledge, experience, and qualifications for this assignment, and comprised auditors registered with ISO 26000, ISO 20121, ISO 50001, SA8000, RBA, QMS, EMS, SMS, GPMS, CFP, WFP, GHG Verification, and GHG Validation Lead Auditors, and experience on the SRA Assurance.

Scope of Assurance

The assurance process involved assessing the quality, accuracy, and reliability of BRSR Indicators (KPIs) within the report for the period April 1, 2025, to March 31, 2026. The reporting scope and boundaries include the corporate office and major back office and front office facilities located across different states in India.

Assurance Methodology

The assurance comprised a combination of desktop review, interaction with the key personnel engaged in the process of developing the report, and remote verification of data. Specifically, SGS India undertook the following activities:

- Assessment of the suitability of the applicable criteria in terms of their comprehensiveness, reliability, and accuracy.
- Interaction with key personnel responsible for collecting, consolidating, and calculating the BRSR core and essential indicators, and assessing the internal control mechanisms in place to ensure data quality.
- Application of analytical procedures and verification of documents on a sample basis for the compilation and reporting of the KPIs.
- Assessing the aggregation process of data at the Head Office level.
- Critical review of the report regarding the plausibility and consistency of qualitative and quantitative information related to the KPIs.

Limitations

SGS India did not come across any limitation to the agreed scope of the assurance engagement. SGS India verified data on a sample basis; the responsibility for the authenticity of the data entirely lies with the Company. The assurance scope excluded forward-looking statements, product- or service-related information, external information sources, and expert opinions. SGS India has not been involved in the evaluation or assessment of any financial data/performance of the company. Our opinion on financial indicators is based on the third-party financial reports audited by the Company. SGS India does not take any responsibility for the financial data reported in the audited financial reports of the Company.

The assurance scope excludes:

- Disclosures other than those mentioned in the assurance scope.
- Data reviews outside the operational sites as mentioned in the reporting boundary.
- Validation of any data and information other than those presented in "Findings and Conclusions."
- The assurance engagement considers an uncertainty of $\pm 5\%$ based on the materiality threshold for Assumption/estimation/measurement errors and omissions.
- The Company's statements that describe the expression of opinion, belief, aspiration, expectation, aim to future intention provided by the Company, and assertions related to Intellectual Property Rights and other competitive issues.
